

Care and Maintenance of Tournesol Siteworks Powder-coated Metal Products

Warning: *Always open packaging upon receipt to inspect material.
Do not store long-term in original packaging or covered with plastic.*

Thank you for purchasing a quality powder-coated metal product from Tournesol Siteworks. We pride ourselves on producing containers and site furnishings that meet with your complete satisfaction, both today and into the future. All of our metal site furnishings products are designed for use primarily in exterior applications, although they hold up beautifully indoors as well.

About Tournesol Siteworks' powder coated finishes

- Most products made of metal are typically powder coated for a durable and long-lasting finish. We clean all metal products before coating with a high-temperature degreaser, apply a zinc-rich primer (building a protective layer over the metal provides good hold for the top coat), then coat with high-quality polyester powder coat. Some metallic coatings require a clear coat that allows the finish to perform as desired. Talk to your sales representative for details on specific colors.

General Maintenance & Repair

- Clean as needed using a soft cloth or med./light bristle brush or sponge with water and mild detergent.
- Avoid steam cleaning or abrasive cleaners and tools.
- Avoid cleaners containing chlorine.
- Power washers can be used for larger cleaning jobs, but ensure the pressure is below 500 psi.
- Inspect periodically for scratches, nicks, gouges and damaged areas, especially on high-wear surfaces.
- Use touch up paint for minor and light scratches
- For larger gouges and nicks or damaged areas where the metal is exposed, first the area must be lightly sanded to remove loose material and wipe clean. Use a rust prevention coating or converter as instructed by the manufacturer (POR15 or similar) to cover the area and ensure no propagation of rust. Once this dries apply touch up paint.

Tournesol Siteworks' Limited Three-Year Warranty

Tournesol Siteworks, LLC warrants to the initial purchaser of its products that they will repair or replace product that contains a defect in material or workmanship for a period of three years from the date it is delivered to the initial purchaser.

This limited warranty does not include those parts which fall under standard regular maintenance of the planter or site furnishing, including but not limited to parts which are subject to periodic replacement. The warranty does not apply to conditions resulting from misuse, abuse, failure to follow directions for use, unauthorized modifications, neglect, accident or other hazard or the like. ***The remedy under this warranty is limited to repair or replacement, at Tournesol Siteworks' option, of the defective parts of the warranted product.*** Repair or replacement of a part does not extend the warranty beyond the initial warranty period.

This is the only written warranty applicable to the product. The duration of the implied warranty on the product is limited to the three year duration of this express warranty. ***In no event shall Tournesol Siteworks be liable for any incidental or consequential damages, including but not limited to damage to any plants which may have been planted in the product.*** Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.
